

# Welcome to sheer.

Each page is one small task.

## 1 Open a PDF

This file opened by itself. Next time: Open... or drop a file.

## 2 Go to page 2

Scroll down, press Page Down or type 2 in the page field.

# Zoom in

---

Make the small print below easy to read.

You found it. Pinch, Ctrl or Cmd  
+ wheel, or the + button all  
zoom.

# Mark it up

---

Highlight the sentence, then comment on the dot.

Good documents are short, clear and kind.

## 5 Add a note

Choose Note, then click the dot. The note appears in the margin.

Page numbers out of order? Step 7 fixes that.

# Sign and sort

---

Sign in the frame, then move this page up.

---

Signature

## 7 Put pages in order

Open the sidebar's Pages tab and drag page 4 above page 3.

Done

# You're all set

---

Here is what to try next.

## What next

Open your own PDF: Open... or drop a file on the window.

Highlight, comment and draw on any PDF.

Sort, rotate and delete pages.

Sign with a drawn, typed or image signature.

Restart this tour any time: Settings, then Welcome tour.

## Shortcuts
